

Journal of Flow Injection Analysis

Vol. 22, No. 1, June 2005

CONTENTS

<Foreword>

Flow Injection Analysis: Thirty Years on and Going Strong · · · · ·	I. McKelvie	1
FIA Inspired Me to Expand the Research Fields · · · · ·	Y. Baba	3

<Tutorial Review>

Cyclic FIA · · · · ·	M. Zenki	5
----------------------	----------	---

<Original Papers>

A Simple Flow Injection Assay of Ca(II) in Mineral Supplement Using Mg(II)-EDTA · · · · ·	K. Manee-on, S. Lapanantnoppakhun, J. Jakmunee, K. Grudpan	9
Photometric Flow Injection Determination of Formaldehyde in Atmospheric Air Using Chromatomembrane Absorption · · · · ·	O. V. Rodinkov, L. N. Moskvina, E. A. Vaskova	11
A Rugged Flow-Based Procedure for Spectrophotometric Determination of Molybdenum in Steel · · · · ·	J. M. T. Carneiro, A. C. B. Dias, E. A. G. Zagatto	14
Determination of Acid Dissociation Constants by Feedback-Based Flow Ratiometry Constituted of Ramp and Hold Modes · · · · ·	H. Tanaka, A. Shogenji	19
A Kinetic Sequential Injection Analysis Method for Silicate Determination in Water Samples Containing Phosphates · · · · ·	S. M. Sultan, M. U. Legemah	25
Sequential Injection Analysis (SIA) for Ibn Zahr Water Quality Control · · · · S. M. Sultan, M. U. Legemah, K. S. Al-Shammari, M. A. Al-Garni, M. A. Al-Zahrani		30
Flow Injection Spectrophotometric Determination of Furosemide in Pharmaceuticals by the Bleaching of a Permanganate Carrier Solution · · · · ·	F. S. Semaan, R. A. de Sousa, E. T. G. Cavaleiro	34
<Mini Review>		
Sensitive Potentiometric Flow Injection Analysis of Redox Species Based on the Detection of an Intermediate Produced by a Redox Reaction with the Potential Buffer · · · · ·	H. Ohura, T. Imato	39
<Topics>		
Ion Chromatography for FIA · · · · ·	M. Mori	43
<FIA Title>		
From Meetings · · · · ·	H. Tanaka	44
FIA Bibliography (43) · · · · ·	H. Ukeda	45
<Announcement> · · · · ·		56
<Instruction to Authors> · · · · ·		65
<List of JAFIA Members> · · · · ·		74
<Postscript> · · · · ·	T. Imato	90
