On behalf of the International Scientific Committee, it is my pleasure to invite you to take part in the **21st International Conference on Flow Injection Analysis and Related Techniques (21st ICFIA)** which will be held **September 3-8, 2017 in Saint Petersburg** (Russia). The **ICFIA** is the major conference devoted to flow analysis and related techniques. It is held around the world, hosted by leading scientists in the field and their institutions. The event will cover recent progress in different topics of analytical chemistry and will include keynote, regular oral and poster presentations, as well as, conference-school for young scientists and exhibitions. The 21st ICFIA will be focused traditionally on flow-based methods and instrumentation, automation and miniaturization of sample treatment, hyphenated methods and applications of flow-based methods in biomedical, pharmaceutical, environmental and food analysis. For more information about the 21st ICFIA, please visit the conference website **[www.icfia2017.org](http://www.icfia2017.org)**

Organising Committee, 21st ICFIA (**[www.icfia2017.org](http://www.icfia2017.org)**)
